

2022-2023

Impact Report

Teens Rise
FOUNDATION

Our Why

Getting underrepresented students into college isn't enough. 90% of first-generation, low-income college students do not finish college within 6 years and a main cause is that 74% of high school graduates are unprepared for college-level courses.

Teens Rise Foundation fills academic, financial, and social gaps to get students across the finish line.

OUR HISTORY AND OUR MISSION

Founded in 2018 by passionate volunteers determined to foster academic and life success, the Teens Rise Foundation is dedicated to pursuing education equity and providing underserved youth with academic opportunities.

We address inequalities in resources and in opportunities that impact college readiness by supporting youth nationally in three areas of their academic and professional journeys: (1) Teens Getting Ready for College, (2) Teens Going to College, (3) Teens Succeeding in College and Beyond.

Serves, Scholars, y Salud

Teens Rise Foundation's signature program—Serves, Scholars, y Salud—promotes educational opportunity, physical wellness, and mental health for students in direct partnership with school districts.

SERVES

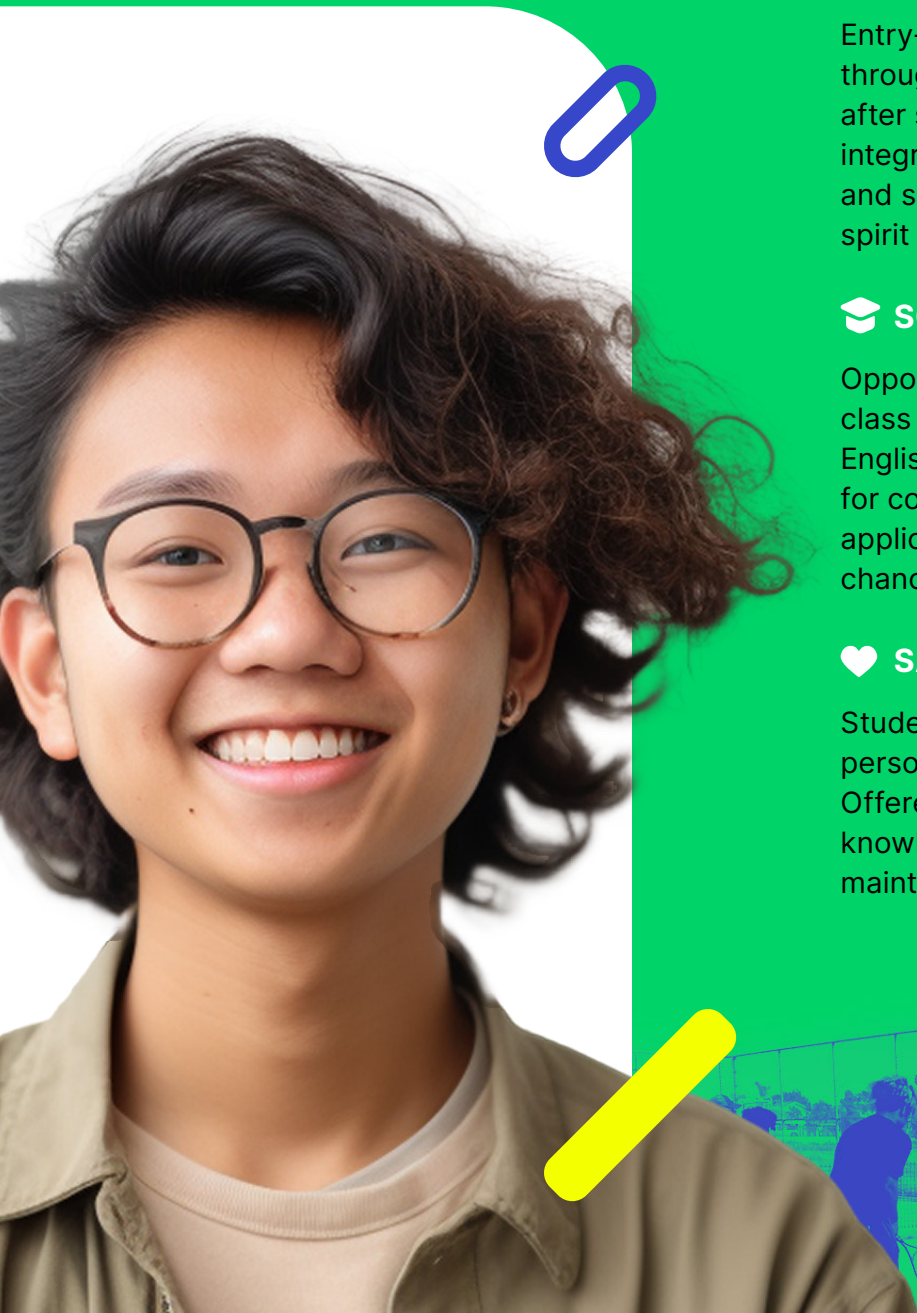

Entry-level tennis programs offered through physical education classes and after school programs build personal integrity; develop leadership, confidence, and self-esteem; and nurture a competitive spirit in a friendly environment.

SCHOLARS

Opportunities for academic enrichment in class and after school build foundational English and Math skills, prepare students for college entrance exams and college applications, and increase students' chances for success in college and beyond.

SALUD

Students receive resources to nurture their personal, mental, and emotional health. Offered programs support students to gain knowledge and to develop strategies that maintain and enhance well-being.

Program Offerings

The Serves, Scholars, y Salud program offers academic, athletic, mindfulness, and career-oriented activities to deserving students across the country. We support students from underrepresented groups, first-generation, and low-income students who face unique and considerable barriers to achieving their dreams.

Our Impact

Program outcomes are continuously measured to ensure real impact in academic readiness, college access, family engagement, and career exposure. As we expand our reach to support more educators, students, and families, we carefully monitor program delivery to ensure consistent quality and the nurturing of trust with all partners.

Key Outcomes

INCREASE ENGLISH AND MATH PROFICIENCY

3.2MM
minutes of learning

13%
growth in English

2.5MM
questions answered

18%
growth in Math

INCREASE COLLEGE READINESS AND COLLEGE ACCESS

3.5–4X
more likely to be college ready in English, math, reading, and science

2.9X
more likely to understand what's expected of them in college

4.3X
more likely to be confident in college applications

INCREASE FAMILY ENGAGEMENT

3X
higher rates of family attendance at workshops

INCREASE CAREER EXPOSURE AND READINESS

40%
increase in students' interest in career panels and understanding of what's expected of them in career opportunities

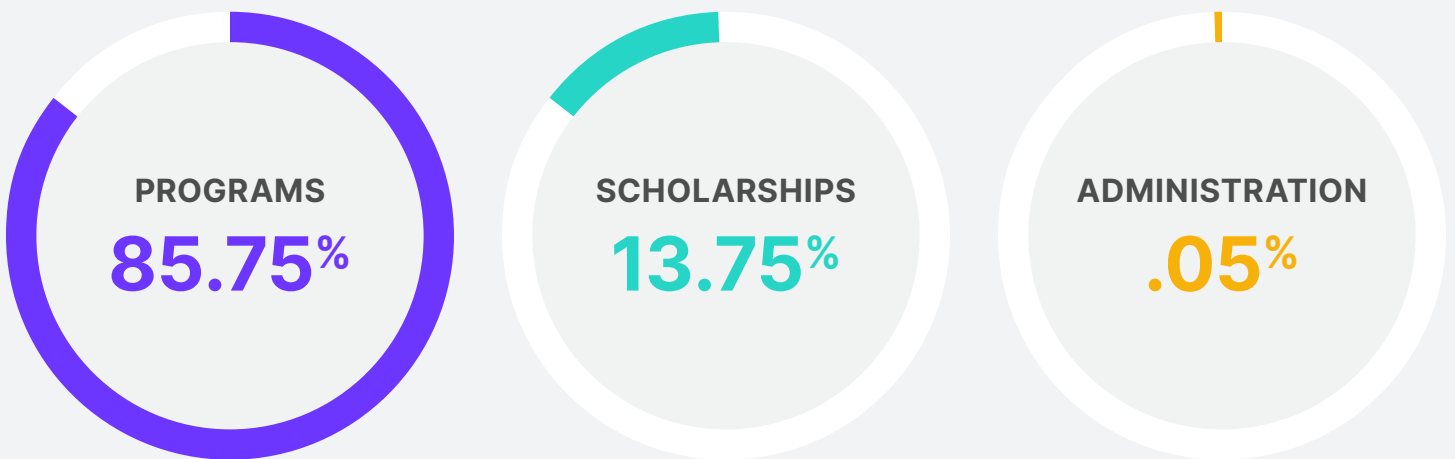

This Year's Highlights

We work directly with school districts to promote physical wellness, educational opportunity, and mental health for students through organized academic, athletic, and career-oriented programs. Resources include college campus tours, family workshops, college application workshops, college signing day celebrations, STEM field trips, career panels, and academic enrichment.

Financials

Join our vision to help students learn more and be more. We're always working to keep our overhead low to maximize our impact. 99.6% of every dollar donated goes directly to students and nonprofits to advance college readiness and college access.

* Total revenue is from grants and donations

Thank You

PROGRAM SUPPORTERS AND PARTNERS

We invite you to share in the joy of fulfilling deserving teens' dreams.

If you want to get involved, please contact our Executive Director Gaby Millán at gaby@teensrise.org to learn more about sponsoring a school, funding scholarships, or supporting college and career mentorships.
